

Application for permission to live privately with friends or family (Section 42 I, (1) of the Danish Aliens Act)

Uses

This form can be used to apply for permission to live outside an asylum centre with friends or family (residing privately). If you have a spouse residing in Denmark and you want to apply for permission to reside privately with your spouse, you must use the application form IN2 "Application for permission to live privately with a spouse" instead.

You must live at an asylum centre or at another type of accommodation the Immigration Service has approved, until we have finished processing your application. The staff at the asylum centre can help you complete this form.

If you have lived outside an asylum centre without approval from the Immigration Service, your application to move into a self-financed residence cannot be approved.

Instructions

1. Fill in and sign this form (follow the instructions in the form).
2. Fill in and sign the contract (Appendix 2).
3. Fill in and sign appendix 3 about child certificate, if applicable.
4. Submit the application by sending it to the Danish Immigration Service (see contact information at the bottom of the page).

If you receive permission

You and your household, if applicable, will be affiliated with the closest asylum centre where you can receive the necessary healthcare. You will continue to receive cash allowances at this centre.

Processing of your data

The Immigration Service will process information about you in relation to your application. In the folder 'Information about the processing of personal data related to your accommodation' you can read more about our processing of data and about your rights.

The folder was handed out to you when you were accommodated at an asylum center. If you have lost the folder, you can get a new one at your asylum center or find it via www.newtodenmark.dk/qdprfolder

Terms and conditions

In order to receive permission to live privately with friends or family, you must have lived in Denmark for at least 6 months after submitting your application for asylum, and the Immigration Service must have decided that you can stay in Denmark while the asylum case is being processed (Phase 2).

If your application for asylum is still being processed, you must continuously co-operate with the Immigration Service to help process your application. If you have received a final rejection of your application for asylum or you have withdrawn your application and are awaiting deportation from Denmark, you must continuously assist

with your deportation.

You will not receive permission to live privately if:

- you have been expelled by court,
- you have been expelled in accordance with the terms of Section 25 of the Aliens Act (administrative expulsion),
- you have been sentenced to mandatory or suspended custodial sentence or other criminal sanction that implies or allows for detention for a crime committed in this country which would have resulted in a punishment of this character,
- your residence permit has lapsed pursuant to section 21 b (1) of the Aliens Act,
- you are covered by the grounds for exclusion in Section 10 of the Aliens Act, but cannot be expelled from Denmark in accordance with Section 31 of the Aliens Act (tolerated stay) or
- if your application for asylum is being treated as manifestly unfounded.

A permit is only given if the residence is suitable accommodation for you and your household, if applicable. This means that the number of people living in the residence must not exceed two people per room, or that there must be at least 20 square metres available per person.

The residence cannot be located in a municipality that is not receiving refugees in accordance with the Integration Act. From 1 January 2024, the following municipalities are not receiving refugees:

- Albertslund, Bornholm, Brøndby, Gladsaxe, Glostrup, Høje-Taastrup, Hørsholm, Ishøj, Læsø, Odder, Rebild and Vallensbæk.

Your friend or family member's address in CPR

The person (friend or family), who you wish to live with, must be registered in the Civil Registration System (CPR) at the address stated in the application.

We will verify the person's address in CPR. If the person is not registered at the address stated in the application, we cannot enter a contract with you for permission to live privately at the address.

Child certificate for private accommodation of children

The Immigration Service is obliged to obtain a child certificate before children under 15 years can reside privately with another person than a parent.

If this application includes children under the age of 15, all persons over the age of 15, who reside at the given address must give consent to the collection of a child certificate. This applies regardless of whether said persons are related to the child or not.

If no consent is given to obtain a child certificate, the Immigration Service cannot grant permission for private accommodation of the child.

Obligation to provide information

You are required to give the Danish authorities the necessary information about your personal status for the application to be processed. If subsequent changes occur in your residential or personal status, you must notify the immigration authorities. For example if you move to another address or if you get married to a person residing in Denmark.

Contract with the Immigration Service

You must enter into a contract with the Immigration Service specifying the conditions under which you may move in with friends or family.

The contract is attached as Appendix 1 to this application. The contract specifies the requirements that must be met for you to be granted permission to reside privately. When the Immigration Service has received your part of the contract with your signature, we will contact you to explain the terms of the contract.

Approval period

Permission to move in with friends or family is valid until you leave Denmark or receive a residence permit and begin the integration process.

Permission will be revoked if you no longer qualify or you fail to live up to the terms of your contract, for example, if you fail to continuously co-operate to help process your application or to assist with your deportation.

For a faster reply

Your application will be processed faster if all the boxes in the application form are filled in. It is therefore important that you fill in the form carefully and provide the information we need to process the application.

Checklist

Before submitting the application, it is important that you:

- answer all questions
- sign and date Sections 8-9
- sign and date the contract (Appendix 1)

Appendix 1: Contractual agreement about granted permission to move in with friends or family

To be filled in and signed by the applicant.

This contract concerns the terms and conditions for permission to live privately for:

Name

Personal ID

And accompanying family members:

Name

Personal ID

Name

Personal ID

Name

Personal ID

At the following address:

Name of the host or the place of residence

Address

Postal code

City/town

Telephone number of the host or the place of residence

The Danish Immigration Service hereby permits the above-mentioned applicant and his/her above-mentioned accompanying family members to reside privately with the host at the above-mentioned address.

The applicant and his/her above-mentioned family members over the age of 18 are verbally notified that the contract has been entered into under the following conditions:

1) The applicant and his/her accompanying family members over the age of 18 must continuously co-operate to help with processing the asylum application, and – if the applicant receives a final rejection or if the application is withdrawn – must continuously assist with the deportation process.

The applicant has been notified that co-operation for example means that the applicant and family members above the age of 18:

- must attend scheduled meetings with the authorities.

The applicant has also been notified that if his/her application for asylum is still being processed, co-operation involves the applicant and members of the household over the age of 18:

- making statements,
- handing over the documents that he/she brought to Denmark, or that he/she can reasonably be expected to obtain without revealing his/her whereabouts to officials in his/her home country,
- taking a language test, age determination examination, torture examination, as well as other evaluations, and
- consenting to allowing immigration authorities to obtain the applicant's previous applications for asylum in other European countries

Finally the applicant has been notified that if he/she receives a final rejection of the application for asylum, co-operation involves the applicant and members of the household over the age of 18,

- providing the authorities with the necessary information to allow them to obtain travel documents,
- if necessary, meeting with officials from his/her home country's embassy in Denmark in order to obtain travel documents, and
- if necessary, meeting with a delegation from his/her home country for identification purposes.

The applicant has also been notified that enquiries from the immigration authorities to the applicant and family members over the age of 18 will be sent the above-mentioned address. If the individual(s) in question do not respond to such enquiries, including meeting notifications, depending on the circumstances, this can be considered a lack of co-operation and result in the individual(s) having to move back to an asylum centre.

2) The applicant and accompanying family members cannot, at any time:

- have been expelled in accordance with Section 25 of the Aliens Act (administrative expulsion), because the person is considered as a danger to national security or a serious threat to public order, safety or health,
- have been expelled by court,
- have been sentenced to mandatory or suspended custodial sentence or other criminal sanction that implies or allows for detention for a crime committed in this country which would have resulted in a punishment of this character,
- have been covered by the grounds for exclusion in Section 10 of the Aliens Act and be on tolerated stay
- have been covered by the rules regarding lapsing in section 21b of the Aliens Act, because the person has left Denmark and has participated in activities abroad that threaten, or have the potential to threaten, national security, the public order or the security of other states, or
- have the asylum application processed according to section 53b of the Aliens Act (the manifestly unfounded procedure).

3) The applicant and accompanying family members are obliged to notify the Immigration Service if the residence status changes. This can be the case if e.g. the host moves to a new address or the applicant gets married to a person residing in Denmark.

4) If the terms and conditions are not observed, the applicant and accompanying family members lose the right to live privately with the host. The Immigration Service will then decide which asylum centre the individual(s) in question must move to.

If the application includes children under the age of 15, who are to live with another person than their parents, the Immigration Service is obliged to obtain a child certificate for all persons over the age of 15 who reside at the given address. If no consent is given to obtain a child certificate, the Immigration Department cannot grant permission for private accommodation of the child.

The accommodation host must inform the Immigration Service if the accommodation conditions change, e.g. if new persons move into the address.
