

Overview of short-term stays for the applicant

Below, you must complete the form with the relevant short-term stays that the applicant has had within the last 365 days prior to the desired start date of the short-term stay that you are currently applying for.

For example, if the applicant is starting their stay on 14 September 2024, you must then state the short-term stays that the applicant has had since 15 September 2023. On the short-term track, the applicant is only allowed to have stays consisting of a total of 90 days at the most, within the last 365 days.

You must attach documentation of every entry and exit. This can for example be a picture of the stamps in the passport or a picture of a boarding pass. If the applicant has entered into the Schengen area and has not continued to travel to Denmark on that same day, but instead does it at a later time, you must attach a picture of a boarding pass that can document this journey.
