

Application for modification of personal data

Mandatory digital self-service

An application for modification of personal data is covered by the requirement of using digital self-service. This means that, normally, you cannot use this application form, but must use the digital self-service solution **PE1/US online** instead, which the Danish Immigration Service provides at newtodenmark.dk.

You should only use this application form if you believe that you are exempt from the requirement of mandatory digital self-service.

If you use this form and the Danish Immigration Service assess that you are not exempt from mandatory digital self-service, the Immigration service can reject your application.

You can be exempt from mandatory digital self-service if there are special circumstances which make you unable to fill in a digital application. These special circumstances can e.g. be that you lack digital qualifications or cannot use the digital self-service solution due to health issues.

If the Danish Immigration Service assess that you can be exempt from mandatory digital self-service, the Immigration Service will process your application, even though it has not been submitted digitally. When the Danish Immigration Service assess whether you can be exempt from the requirement of digital self-service, the Immigration Service will take into account whether you already have been exempt from registration of Digital Post.

It is not a requirement that third-parties, e.g. lawyers and relatives, as well as Turkish Citizens, who are covered by the Association Agreement between the EU and Turkey, have to use the digital self-service solutions.

Read more about who are exempt from digital self-service at www.nyidanmark.dk/self-service
