Biometric features required on residence cards

If you submit your application in Denmark or in a country where Denmark has a diplomatic mission, you must appear in person to have your biometric features (digital facial image and fingerprints) recorded. If you submit your application at the diplomatic mission of a country with which Denmark has a representation agreement, you must appear in person to submit two passport photos. Upon arrival in Denmark, your biometric features (digital facial image and fingerprint) will be recorded.

If you send your application by post or fax or if it is submitted by a third-party such as a lawyer, you must appear in person to have your biometric features recorded **within 14 days** of the application being submitted. If you reside in a country where Denmark has a representation agreement with another country's diplomatic mission, you must appear in person to submit two passport photos **within 14 days** of submitting your application. When you appear to have your biometric features recorded or to submit your passport photos, please remember to bring a photocopy of the first three pages of your completed application form. This will allow the immigration authorities to match your biometric features or passport photos with the application. **Please note** that the processing of your application will not begin until your biometric features or passport photos are submitted.

Please **bring your passport** or other form of travel documentation when having your biometric features recorded or when submitting your passport photos. In addition to your biometric features, your signature will also be recorded. Facial images and fingerprints are stored on a microchip embedded in the residence card.

Biometric features can be recorded at the Citizen Centre of the Danish Agency for International Recruitment and Integration. If you live outside Greater Copenhagen, your biometric features can also be recorded at some police stations. A list of the police stations capable of recording biometric features can be found at newtodenmark.dk/residencecard. If you live abroad, the website of the Danish Ministry of Foreign Affairs contains a list of embassies and consulates, as well as Danish representation agreements with other countries' diplomatic missions (um.dk).

If you do not agree to have your biometric features recorded in connection with the application being submitted in Denmark or at a Danish diplomatic mission, your application will be **rejected**. If the application is submitted at another country's diplomatic mission with which Denmark has a representation agreement, and you do not submit two passport photos, it will likewise be rejected. If you are not physically capable of providing fingerprints, you will not be required to do so.
